PL-138-59R-NR

Under Water LED Fixture

| Stainless steel	Dimmable	50,000 Hours Life Span	IP68	CC	Class	CV

Under Water LED Fixture
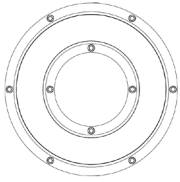

- 18W Max
- Under Water - IP68
- 50,000 hour lifetime
- CNC Processed stainless steel
- Installation accessories supplied

Stainless steel | 50,000 Hours Life Span | CC | CV

IP68 | Dimmable | Class 3

Specifications

Power	6 LED x 3W (700mA)
Light Color	White: Warm, Neutral, Cool Color: Red, Green, Blue, Amber, RGB
White light CCT	3,000K | 4,000K | 6,000K
Lumen Output[1]	1,320lm | 1,320lm | 1,560lm
White light CRI[2]	≥80 - Standard ≥90
Beam	5°, 15°, 25°, 45°, 5° x 20°
Optics	20mm Optics Clear or frosted cover

Diameter	ø138mm (59mm diameter hole for nozzle)
Brackets	70mm
Height	44mm (Without cable)
Weight	775g

| Housing	Stainless steel, PMMA cover
Housing color	Natural steel with passivation
IP Rating	Under Water - IP68
Operating Temp.	-20°C to 40°C
Cable	300cm Neoprene cable
Connectors	Open Wires

Extras

Accessories	R-8020 for fountain nozzle (diameter 33mm - 59mm)
Cable	Custom cable length up to 50m
Power Supply	Constant Current | Constant voltage
Control	On/Off | 0-10V | Triac | DMX | DALI

Notes:

1 LEDs have ±10% output tolerance in accordance to manufacturer specifications

2 CRI 90 version is available upon request only

3 Extras are not supplied by default and priced separately
